## Dying with Dignity

### Help us change the law

Dear supporters,

Yesterday I met with an amazing and inspirational man, his name is Peter Short, he's 57 years old and he's dying from oesophageal cancer.

Peter has been campaigning for a change in the law to allow for people like him to have the choice at end of life to die with dignity. This is an issue that is high on the agenda for the Australian Sex Party.

Peter is working hard to raise \$100,000 on Indiegogo towards the costs of a documentary film that will follow Peter and his family through the final months of his life, charting his efforts to show Australians and our politicians why the law needs to change.

You can watch the full interview I did with Peter yesterday [here](#).

### Can you afford just \$5!

We need your money shot. Can you afford just \$5. It's less than a new release dvd hire or a coffee - Help Peter Short with the production of this documentary.

[Donate today!](#)

I urge you to contribute to this very important documentary, there is only 12 days left and Peter still needs to raise more than \$30,000 to reach his \$100,00 target.

Click [here](#) to visit Peter's Indiegogo page to make a donation today.

Thanks again for your support.
